SUMMARY

I am a dedicated and curious Artificial Intelligence & Data Science graduate with a strong passion for technology, problem-solving, and continuous learning. Currently pursuing an MSc in Data Science from Liverpool John Moores University and an Executive Diploma in Data Science & Artificial Intelligence from IIT Bangalore, where I am building expertise in machine learning, deep learning, big data analytics, cloud fundamentals, and end-to-end data pipelines.

I am highly disciplined, motivated, and eager to begin my professional journey. I'm actively looking for full-time opportunities that align with my interests in data science, machine learning, and analytics—roles where I can apply my skills, grow quickly, and contribute to impactful real-world projects.

I enjoy exploring new technologies and keeping myself updated with the latest trends in AI, which helps me stay innovative and continuously improve my technical mindset.

Outside of academics, I'm a genuine tech enthusiast with a fun and active side. I love watching and playing cricket, enjoy listening to music, travelling to new places, and playing video games. These hobbies keep me energized and also spark my creativity, sharpening my problem-solving and analytical thinking—skills I bring into my work and learning.

WORK EXPERIENCE

EY GDS – AICTE Internship Workplace/Company

02/2024 - 04/2024

Pune, Maharashtra

Achievements/Tasks

- ▣ Worked on a Django-based music streaming platform.
- ▣ Built search functionality enabling music discovery by genre, artist, and mood.
- ▣ Improved backend structure for faster query response.

PROJECTS

Movie Recommendation System

- ▣ Built a hybrid movie recommendation system using collaborative and content-based filtering.
- ▣ Applied Python, Pandas, Scikit-learn, and statistical evaluation (RMSE, precision-recall).
- ▣ Developed a high-accuracy model validated with user-similarity and rating-based metrics.

Student Insight Dashboard

- ▣ Created an interactive Power BI dashboard analyzing student performance and demographics.
- ▣ Implemented slicers, KPIs, charts, and drill-downs to enable quick data-driven insights.

E-Commerce Website Development

- ▣ Developed a full-stack e-commerce platform using HTML, CSS, JavaScript, Java, JSP, and Servlets.
- ▣ Integrated SQL database with Apache Tomcat server using JDBC.
- ▣ Built user login, product management, and cart features.

EDUCATION

Master in Data Science (via UpGrad)

Liverpool John Moores University (LJMU)

08/2025 - Present

Executive Diploma in DS & AI (via UpGrad)

International Institute of Information Technology Bangalore (IIITB)

08/2025 - Present

Bachelor of Engineering in Artificial Intelligence & Data Science

All India Shri Shivaji Memorial Society Institute of Information Technology, Pune (AISSMS IOIT, Pune)

11/2022 - 06/2025

Polytechnic in Computer Technology

Ekalavya Shikshan Sanstha, Pune (ESSP)

08/2019 - 08/2022

SKILLS

Programming & Libraries: Python, NumPy, Pandas, Scikit-learn, TensorFlow, Keras

Data Visualization: Matplotlib, Seaborn, Power BI

Web Technologies: HTML, CSS, JavaScript, Java, JSP, Servlets, Apache Tomcat

Databases: MySQL, SQL

Tools & Platforms: Jupyter Notebook, VS Code, SQL, GitHub

SOFT SKILLS

Problem-solving and Analytical thinking

Effective Communication

Adaptability

Team Collaboration

Curiosity & Continuous Learning

Presentation Skills

LANGUAGES

English

Full Professional Proficiency

Hindi

Native or Bilingual Proficiency

Marathi

Native or Bilingual Proficiency
